- Management Skills
- Negotiation
- Teamwork
- Communication Skills
- Critical Thinking

LANGUAGE

- Burmese
- English

PROGRAMMING SKILLS

- HTML
- CSS
- Java Script
- Php
- C#
- Python

PROFILE

I have a strong foundation in HTML, CSS and Java Script, cultivated through academics and hands-on projects. So I am passionate about building responsive, user-friendly websites. Eager to learn and grow in web development.

WORK EXPERIENCE

Myanmar Cyber Security Challenge

2024

I successfully tackled and conquered the top 12 challenges in the MCSC CTF competition.

University Project Competition

2024

I had the honor of winning the first prize at the university project competition for my exceptional contribution to the Kids' Garden Project. This achievement highlights my dedication and innovative approach to creating engaging gaming and learning activities aimed at enhancing English proficiency across four key skills: reading, writing, speaking and listening.
